

Using the Bachelor of Arts Study Plan: Adding a Standard Major

The [Study Plan](#) lays out your course in a tree diagram. There are components in your Study Plan for major (s), electives, breadths, as well as minors where applicable. This guide will show you how to add a standard major on the Bachelor of Arts study plan. B-ARTS students must complete at least one major. You can access the study plan via my.unimelb.edu.au.

Tip: Use the [University Handbook](#) to identify the subjects, majors or minors that are available and follow the course requirements.

STEP 1:

Select 'Choose' on the Breadth, Majors and Minors section on the study plan.

Breadth, Majors, and Minors
225 Credit Points remaining for selection Choose

More Details Rule Details

STEP 2:

Select 'Majors' from the drop down menu and select 'Search'. You may also leave this search field blank.

Breadth, Majors, and Minors 225 Credit Points must be selected

All of the following rules must be satisfied:

- Either Breadth, or a non-standard Major/Minor : 1 must be selected
- 1 Major, with an optional Second Major : 1 must be selected
- No more than 1 Minor : 1 may be selected
- Any remaining points from Arts Discipline subjects : 225 credit points must be selected

Search and select for Breadth, Majors, and Minors

Majors Search

Tip: If you know the major that you are searching for, enter the major in the search bar and select 'Search'.

Search and select for Breadth, Majors, and Minors

Majors Search

Majors

Tip: If you see a capstone or compulsory subject appear on your study plan, you do not need to enrol into it now even though it appears as planned and the box is prompting you to enrol into it for the current year. As you will use this study plan for the entire duration of your course, you can choose the level 2 or 3 subjects in the later years instead. You can leave it as planned for now.
