**REASONS**

Wherever possible, it is expected that students complete the requirements of a major as stipulated in the Handbook: [handbook.unimelb.edu.au](http://handbook.unimelb.edu.au). Science Student Centre approval to vary the requirements of these majors is normally only granted in situations where an impediment has occurred, or will occur, which will prevent the student from completing the subjects required for the award of the major.

Timetable clashes which prevent a student from completing all of the subjects usually required for the major

Student is participating in the University's exchange program

Student has been unable to gain entry into quota restricted subjects usually required for the major

Repeated failure of a subject required for the major

**NEW SUBJECTS: Please list all 4 subjects, level 3 only**
