

Using the Bachelor of Arts Study Plan: Adding a Foundation Subject

The [Study Plan](#) lays out your course in a tree diagram. This guide will show you how to add and enrol into a foundation subject on the Bachelor of Arts study plan. You can access the study plan via my.unimelb.edu.au.

B-ARTS Students must take a minimum of one (12.50 points) Arts Foundation Subject or can elect to take a maximum of two (25 points) Arts Foundation subjects. Students are strongly encouraged to take an Arts Foundation subject within their first semester of study. Students who elect to undertake two majors can choose an additional Arts Foundation subject, or a first year Arts subject from within the same discipline area. Please note that a single Arts Foundation Subject cannot be counted towards the Level 1 major requirements for multiple majors/minors. Tip: Use the [University Handbook](#) to identify the list of [foundation subjects](#) and the study period availability.

STEP 1:

Select 'Choose' in the Foundation & Discipline Subjects section on the study plan.
